The choir sings with near-celestial sweetness, the candles burn with a bright, pure light, and the meaning of the birth of Christ comes into glorious reality.

For, in church, the story of the Night of Nights is

told with a beauty that seems to deepen with the years.

To miss hearing it again would be to miss one of the Yuletide season's greatest moments. Yes - it is natural to think about going to church at Christmas. But what about a rainy October Sunday

or a hot July one? In Church, the inspiration is there all year round. The message is as vital in August as it is in December. Promise yourself now - this Christmas - to start going to

THE CHURCH FOR ALL . ALL FOR THE CHURCH The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3). For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral

and material support. Plan to go to church regularly and read your Bible

church regularly.
